

Avalanche Beacon Seminar

TRI-COUNTY SNOWMOBILE CLUB

Edmonton, AB

Tools are only as good
as the operator...

Could you locate someone?
...quickly?!
Could your friends find you?
...in time?!

If you should ever find yourself in the situation to need it, the beacon search should be second nature, freeing your mind up for more complicated rescue needs. Learn how beacons operate and methods to use when searching for multiple signals.

Hosted by the
Tri-County Snowmobile Club

December 5, 2007
7:00pm – 9:30pm
